OFFICIAL REPORT

SIXTH SERIES **VOLUME 249**

Second Session of the Fifty-First Parliament of the United Kingdom of Great Britain and Northern Ireland Elizabeth II, 1993–94

SESSIONAL 1993–94

18th November, 1993—3rd November, 1994

SCOPE OF THE INDEX, ARRANGEMENT AND ABBREVIATIONS

This index is derived from the House of Commons Library's Parliamentary On-Line Information System (POLIS), and the subject terms used are based on those used in POLIS. There are often changes in column numbering, etc., between the daily part or weekly Hansard (which simply collects together the daily parts without revision) and the bound volume. The index for the bound volume is revised to take account of these changes, and cannot, therefore, be used in conjunction with the daily part or weekly Hansard. For these versions use the Fortnightly Index.

Scope and arrangement of the Index

Oral and Written Parliamentary Questions are indexed under subject headings and the names of Members asking and Ministers replying to them. Questions are not listed under the names of Departments replying. Departmental listings can be arrived at indirectly by looking under the names of the Minister(s) of that Department. There are, however, the headings 'Northern Ireland', 'Scotland', and 'Wales' under which one can find not only most Questions answered by the Northern Ireland Office, Scottish Office, Welsh Office but also Questions about these areas of the United Kingdom which are answered by other Departments. Ministerial statements are indexed under subject headings, under 'Ministerial statements' and the names of Ministers making them and Members speaking on them. General debates are indexed under broad subject headings and under the names of all Members and Ministers taking part. Debates on legislation (Bills, Orders, Regulations etc.) are indexed under the name of the Bill, Statutory Instruments etc, under subject headings and under the names of those taking part.

Rulings and Statements by Speaker and deputies are brought together under the heading Speaker's rulings and statements.

Other contributions by Speaker and deputies appear under the heading Speaker.

Opposition Day Debates, Estimates Day Debates and Standing Order No. 10 applications are listed under those respective headings and under subject headings too.

The date of each item except Parliamentary Questions is inserted immediately before the reference.

Members' names are given in the form by which they prefer to be known and are printed in bold italics. Under their names, entries are arranged under one of the two headings *Debates, etc* (to include interventions on statements, points of order and so on) or *Questions.*

Abbreviations

Bills 1R = first reading, 2R = second reading, Money res = money resolution, Comm = Committee stage, Rep = Report stage, 3R = third reading, amendt/amendts = amendment/amendments, * = matter taken formally, without debate.

Column numbers followed by the letter W refer to Written Questions. These appear at the end of each daily part or volume with their own sequence of column numbers printed in italics.
